

# TPC INFORMATION

Date : June 2nd 2025

Please refer to the following announcement regarding the renewal product part number system change.

## 1. Renewal Series Release

To provide better performance and reliability, some standard products will be shipped as renewed series with improved quality. Please refer to the table below for the changes..

### ① DV Valve Series

Category		DV		Note
		Standard	Non-standard	
Part No.	Current	DV3120-5H-01-R	DV3120-5G-01	
	New	DV3120-5H-01		
Coil		DA coil	DR coil	

- The renewed products will be shipped based on the following standard specifications, and the specifications are planned to be gradually expanded.

Specifications		Note
Type	Single / Double / 3-position	
Piping	Body ported / Base ported	
Voltage	DC24V	
Connector	Horizontal / Vertical	
Pilot type	Internal pilot	

### ② ACP / AX Series

		ACP		AX		Note
		Standard	Non-standard	Standard	Non-standard	
Part No.	Current	ACPB6-10-R	ACPB6-12	AXB20-50-R	AXB20-52	
	New	ACPB6-10		AXB20-50		

- Non-standard strokes will be shipped as pre-renewal products.

### ③ AQ2 Series

		AQ2				Note
		Standard	Non-standard	Standard & Non-standard		
Part No.	Current	ADQ2 <b>Z</b> 50-50DM-R	ADQ2 <b>B</b> 50-53DM	ADQ2 <b>A</b> 50-50DM	ADQ2 <b>Z</b> 50-50DM	
	New	ADQ2 <b>B</b> 50-50DM				
Mounting		Through hole + Both end tapped		Both end tapped	Through hole	

- To standardize the specifications of "Through Hole + Both end tapped", Z has been changed to B.
- Ex) ADQ2B50-50DM : Through hole + Both end tapped / ADQ2Z50-50DM : Through hole
- Standard Product Criteria : Based on the stroke specified in the renewed catalog.
- For B TYPE, the standard and non-standard stroke tube shapes are different (main dimensions are compatible). When ordering standard products, if you need the pre-renewal tube type, please contact us before you order.
- Effective Date of Renewal Part Number System Application: June 2, 2025 (Monday)
