

SN Series

Fitting/Speed controller
(Piping accessories)

SN Series

- Over 30dB sound reduction
- Low back pressure
- Compact and easy mounting
- Suitable for miniature valves and pilot air exhaust ports

Specifications

Fluid	Pressed Air
Max. operating pressure(MPa)	1.0MPa (10.2kgf/cm ²)
Noise reduction	20dB(A) and above
Ambient and fluid temperature (°C)	-5~60(With no freezing)

※ It can be used in temperature range from -10 to 60°C if there is no risk of water droplets forming and freezing.

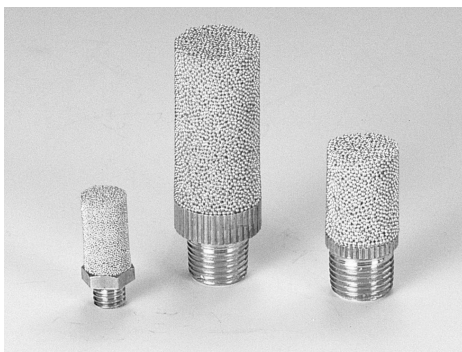

Specifications

Item	Port size(RC)		Effective area(mm ²)	Weight(gf)
SN100-M5	M5X0.8		5	1
SN100-01	1/8		10	2
SN100-01A			15	4
SN200-02	1/4		35	17
SN300-03	3/8		60	25
SN400-04	1/2		90	35
SN500	06	3/4	200	70
SN600	10	1	230	100

SNB Series

Fitting/Speed controller
(Piping accessories)

SNB Series

- Appropriate for exhaust of compact valve, and pilot air

Specifications

Item	SNB101-01	SNB110-01	SNB120-M5
Specification			
Port size	R(PT) 1/8	R(PT) 1/8	M5
Noise reduction	16	21	18
Noise reduction	Compressed air)		
Max. operating pressure	01.0MPa(10.2kgf/cm ²)		
Ambient & fluid temperature	5 ~ 150°C		
Effective area	20	35	5
Effective area	9.5	20	3.3
